Hoag Image Viewer - imaging.hoag.org

This new image viewer enables clinicians to securely view radiology and cardiology patient studies instantaneously from any web browser or mobile device.

PC/MAC

GETTING STARTED

- Type imaging.hoag.org into any browser
- Enter your hospital username and password. This is your AD (active directory). Then, click **LOGIN**

FIND PATIENT

- Type last name, first name or type Patient ID (Medical Record Number MRN), then Enter on keyboard
- Narrow your search as much as possible to reduce the list of returned studies. To do this, select the modality of the study you want to view, then click **SEARCH**
- Double click on the desired exam

VIEW IMAGES

- Double-click on the desired series, or click and drag series to main screen
- To view images:
    - Use keyboard arrows, or
    - Click, hold and drag the left mouse button, or
    - Roll the mouse wheel
- Click, hold and drag the right mouse button to change brightness and contrast

COMPARE TWO STUDIES

- Click Study Browser tab to return to the patient search screen
- To view 2 studies simultaneously, check the 2 studies you want to compare
- Click the **LOAD DATA** button
- Click the duo-view button at bottom of screen
- Drag each series to a separate viewport

CHANGE VIEW TO 3D

- Click the right button on the mouse to display the option wheel
- Click the Layout option
- Click 3D
    - Roll mouse wheel to enlarge
    - Rotate 3D with mouse or arrow keys or use A-P-L-R-I-P keys to change orientation

CHANGE VIEW

- Click right on image to display option wheel
- Click the Layout option
- Click MIP/ MPR
    - Hit arrow keys on keyboard, or click and hold left mouse button, or scroll mouse wheel
    - Double-click on any view to enlarge
- Click 3D
    - Roll mouse wheel to enlarge
    - Rotate with mouse, or arrow keys, or use A-P-L-R-I-P keys to change orientation
