

Getting better together.

Introducing Health Information Exchange.

The smart, secure way Hoag is helping to keep everybody on the same page.

Join your colleagues today by participating in Hoag's Health Information Exchange. Visit our website at **<http://hie.hoag.org>** or call **949-764-5151** to sign up, to learn more about how we're changing the way we serve our communities, and also how you can become an HIE advocate.

**Hoag Memorial Hospital Presbyterian
Hoag Health Information Exchange**

One Hoag Drive, PO Box 6100
Newport Beach, CA 92658-6100

Share the whole story.

Every patient's medical history is unique. That's why it's so important that doctors, nurses, office managers, and other healthcare users are always up to date. Thanks to Health Information Exchange (HIE)—now everyone always can be. HIE is the smart, easy way for all authorized healthcare users to share information electronically and securely. It allows everyone to quickly get an A-to-Z, 360-degree view of a patient's medical history, past and present allergies, real-time lab results, and more. With HIE, everyone can work better. And work better together. To continue giving patients the best care possible.
