

Getting better together.

Introducing Health Information Exchange.

The smart, secure way Hoag is helping to keep everybody on the same page.

Hoag-enabled Health Information Exchange (HIE):

A smarter, better way for your healthcare providers to update and share your health records. Which means smarter, better care for you. It's more than just electronic medical records. It's an intelligent, secure system for ensuring that your medical providers have access to the most up-to-date information about how best to serve your needs.

For more information, contact Hoag Health Information Exchange, visit our website at <http://www.hoag.org/myhealthrecord> or call **949-764-5151**.
